Alexander/Ryan will stamp the refurbished device with an updated sticker next to the serial number on the top frame assembly. Also, Alexander/Ryan will send new certificates, which date and verify the refurbishment. The refurb kit includes a new sling *already dated by the factory*, Billy Pugh Co., and may be prior to the service date.

***Rental Program

Alexander/Ryan has X-904-4s and X-904-8s for lease. Whether your device is in for repairs or you are involved in a short term project and need to transfer personnel temporarily, call to inquire about temporary use of one of Alexander/Ryan's X-904 Transfer Devices. You can choose between a four-person or eight-person device.

See below for the delivery address to send your X-904 for refurb/repairs.
