

## ISO Life Raft Support Base

70620

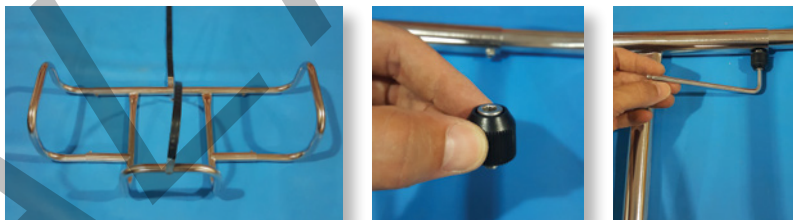

### Package Contents

	DESCRIPTION	QUANTITY
1	Central frame of the base	1
2	Side frame of the base	2
3	Big screw (Allen key No.5)	4
4	Plastic cap (combined with big screw)	4
5	Base support	4
6	Small screw (Allen key No.4)	8
7	Nut (combined with small screw)	8

### How to Assemble

#### Step 1

Adjust the side bars of the base according to the life raft's size. Use the four big screws and the four plastic caps in order to tighten the two sides (Allen key No.5).

#### Step 2

Adjust the metal buckle parts (from both sides if necessary) according to the size of the life raft, by placing them in different positions along with the two metal straps.

#### Step 3

Use the four special connectors, included in the package, to install the base on the boat's rails or on the deck (Allen key No.4).
